Resources to support the
**INTERNATIONAL BACCALAUREATE
PRIMARY YEARS PROGRAMME (PYP)**

Organised by transdisciplinary themes

HELPING LIBRARIANS AND TEACHERS FOR OVER 30 YEARS

For more than 30 years, Raintree has supported educators in fostering inquiry-based learning, creating, publishing, and curating engaging resources for students in Nursery to Key Stage 3.

Supporting the values of the International Baccalaureate Primary Years Programme (PYP), we work with schools to provide a well-curated, content-rich selection of resources that promote student agency, international-mindedness, and transdisciplinary learning. Whether digital or print, fiction or non-fiction, our resources support the development of knowledge, skills, and conceptual understanding in diverse learning environments, enhancing both classroom and library experiences in line with PYP objectives.
